A MESSAGE FROM OUR CHAPTER PRESIDENT

Over the past few months, we have sent out several requests for seminar suggestions. We received only one suggestion, and we asked you how many were interested. We received insufficient responses to run this program.

To be honest, it takes a lot of time and effort to set up and run a seminar. A date must be reserved, presenters arranged for and advertisements must be made and published. If the seminar doesn't take place, people are disappointed and time has been wasted.

We will give it one last chance. We would like to run a full day seminar on Compressor Replacement Procedures & Practices.

Please send an email to RichBrunoNY@aol.com. Please respond **"YES INTERESTED"** or **"NOT INTERESTED"**.

Our November 11th meeting will be on Circulator Sizing and Near Boiler Piping. Details are in this home page.

Our December educational meeting on Wednesday, December 9th, will be at Viega's facility in Long Island City. Because space is limited, preregistration is required. To register you **MUST** contact:
RichBrunoNY@aol.com

See you at our November meeting.
